

OPTIONAL PHYSICAL DAMAGE INSURANCE

American Transport, Inc. has Physical Damage Insurance (fire, theft and collision) available for any equipment owners operating under a Service Agreement with ATI. Please contact the Safety Department at 1-800-284-1902 for your current rate. The cost of coverage is determined by the value of the equipment. *You should not over-insure, since the insurance company will not pay more than the average wholesale value of the equipment or the declared value, whichever is less, in the event of a total loss.* You should also understand that coverage will be terminated immediately upon cancellation of your Service Agreement with American Transport. Complete the following and send it to the General Office if you wish to enroll in our Physical Damage Insurance Plan. **YOU MUST PROVIDE THE LIEN HOLDER'S COMPLETE MAILING ADDRESS, INCLUDING ZIP CODE.**

I understand that American Transport, Inc. (ATI) will not apply for coverage until this form has been received in the General Office in Pittsburgh, PA, and that coverage is not effective until the insurance company accepts the request for coverage.

I authorize ATI to deduct, upon enrollment, the current month's premium plus one month's escrow from any monies due me. I also authorize ATI to continue monthly deductions until cancellation by either party. **I also understand that if there are not sufficient monies due and payable to me by the 20th of any month to enable ATI to deduct any insurance, that such insurance will automatically be terminated, effective the end of that month without further notice.**

I assume complete responsibility for knowing the amounts of the premiums due, the amount and availability of funds to pay the premiums, and, as well, waive notice of cancellation, in the event the insurance is canceled by American Transport, for non-payment of the premium.

I further understand that ATI is offering these insurance coverages as a convenience to me, and agree to hold-harmless American Transport, Inc. or any affiliated entities for any errors or omissions in the performance of this service.
